Swifto's Advantages

View a live map of your dog as s/he's being walked! As your walk commences, your designated walker will turn on his or her Swifto smart phone application and begin tracking the walk via GPS. As the walk progresses, the system traces the walker's route and displays it online at swifto.com. You may login using your Swifto username

and password and view the walk in real-time. Other social buttons that the walker can press will let you know when and where your dog has socialized with other canine friends or pooped.

While we hope everything goes well on our dog walks, we understand accidents can happen. We're prepared for any surprises by providing our walkers with dog walking insurance. All Swifto dog walkers are covered by Pet Sitters Associates, LLC insurance.

Since we care about your dog and want to make sure s/he gets all the attention needed, we only provide private one-on-one dog walks. We never pair up multiple dogs unless it's with another dog in your own household. Our walkers are very caring and extremely passionate about dogs, we'll be sure that your canine friend gets all the affection s/he needs!

Swifto's screening process is extremely thorough to guarantee that our dog walkers are the best out there! Potential walkers are background tested and interviewed twice. The interview process consists of dynamic questions to test whether the applicant has sufficient knowledge and experience; and a good

enough feel for canine behavior to know exactly how to react in any situation. In addition, our dog walkers are all college-educated and engaged in creative endeavors. Walkers range from creative fields and include professional actors, musicians, photographers, videographers, artists, and more!
